

Nursery News

Don't forget you can see what your child has been learning on Tapestry. We always appreciate a 'like' or comment on our posts.

We have been asked by Liverpool Council to take part in a promotional phonics video, sharing best practice with other settings across the city. This is a great honour for Chatham Nursery and we're excited to take part.

THE NEST

We have been enjoying some more trips out in our local area, as well as trips to Springfield Park. With the weather heating up, the children have been spending their days happily in the garden, - lots of water play! The children have shown interest in minibeasts and digging - we will extend this by including some trips to forest school next half term.

OAK TREE ROOM (3-4S)

What a busy half term it has been with lots of special moments in Oak Tree - from a new climbing frame to Stay and Plays! We have been delighted to take part in Forest School sessions again. These lessons will take place fortnightly (Tuesday and Thursday). At the start of May, a small group made their first visit to Woolton Acre Retirement Village. It was a lovely morning getting to know the residents and they commented on how wonderful your children were! We can't wait for future visits.

LEARNING IN OAK TREE

The children have helped to create a vibrant and colourful garden thanks to their planting and gardening skills! We were inspired after reading 'Jack and The Beanstalk' and 'Jasper's Beanstalk'. We have planted our own beans and have been observing them grow. We can't wait to plant them in the allotment once they are strong enough! As the plants have grown we have started to learn about 'height' and 'length' and the children have been using lots of great comparative vocabulary such as 'shortest', 'tallest', 'longer'. Along with plants, we have started to think about what else grows and changes over time, which is really going to help next term when we begin to talk about transition to primary school.

Nursery News

LITTLE ACORNS (2-3S)

We're delighted to welcome back Sueha from maternity leave — she's excited to reconnect with the children at Little Acorns.

A big thank you to everyone who joined our recent Stay and Play session! We hope you enjoyed exploring and discovering activities with us.

This term, we're focusing on colours, with a special emphasis on red. The children have been exploring red in water, play dough, and around the nursery — why not try finding red objects at home or during shopping?

Our team has also created a fun water wall using recycled materials, which the children love splashing in! Please remember to bring spare clothes for water play.

To support communication, we've set up small groups tailored to each child's stage of language development, helping them build confidence in expressing themselves.

Finally, we'd love to hear from you! Share your thoughts on Tapestry, comment on observations, or send us pictures of your child's activities at home. It's a great way for us to learn more about your family and chat about home life during nursery. Thank you for your ongoing support, we're looking forward to more fun and learning ahead!

IMPORTANT DATES

Friday 23rd May: End of Term

Monday 2nd June: Start of Summer Term 2

Wednesday 4th June: Mobile Farm Visitors

Wednesday 11th June: Ice cream fundraiser Asylum Link Merseyside

Friday 27th June: Summer trip to Windmill Farm

Monday 30th June: Parent Partnership evening
